## ELECTRICIAN'S MAINTENANCE TOOL KIT

The Kipper EM tool kit is for all vessels of the USCG. This specialized kit maintains and repairs electrical equipment including navigation, identification, detection, reconnaissance, special purpose equipment and operates warfare equipment. The EM tool kit is provided in a portable water-tight case that can easily be transported.

PN: KIT EM TOOL  
NSN: 5180-01-591-9834

## 25 FT. RB-S TANB TOOL KIT

The Kipper RBS/TANB tool system is a mobile tool case that serves two vessels in the USCG arsenal of small vessels. Response Boat-Small (RB-S) was developed in a direct response to the need for additional Homeland Security assets in the wake of the September 11th terrorist attacks. The Defender-class boats were procured under an emergency acquisition authority. TANB is a 26' Trailerable metal hull response boat. The new TANB's shallow draft and hoisting crane make it perfectly suited to work buoys, lights and day beacons.

- Designed for 26' TANB & RB-S

**P/N: KIT RBS TANB**  
**NSN: 5180-01-591-9895**

## ON BOARD 47 FT. MLB TOOL KIT

The Kipper 47MLB OB kit is designed for On-Board support for the 47' motor life boat while on missions. This kit includes Sockets, Pull Bars, Ratchets, Open Boxed End Wrenches, Screwdrivers, Hammer, Cutters, and Other Tools to conform to NSN 5180-01-591-9899.

- Designed for 47Ft. Motor Life Boat
- Includes Sockets, Crowsfeet, Screwdrivers, and other tools

**P/N: KIT 47MLB OB**  
**NSN 5180-01-591-9899**

## STANDARD 47 FT. MLB TOOL KIT

The 47MLB STD tool kit is designed specifically for the support of the 47' motor life boat. The 47' motor life boats have a beam of 14 feet, and draw 4.5 feet of water. Their displacement is 20 tons at full load and they have a compliment of 4. The 47' MLB can accommodate up to 5 additional passengers/survivors. They have a top speed of 25 knots, and a cruising speed of 20 knots. Their maximum cruising range is 200 nautical miles. They have a 100-ton towing capacity.

- Designed for 47Ft. Motor Life Boat
- Includes Sockets, Crowsfeet, Screwdrivers, and other tools
- Foam Drawers for Rapid Inventory and FOD Prevention

**P/N: KIT 47MLB STD**  
**NSN 5180-01-591-9898**

## ON BOARD 49 FT. BUSL TOOL KIT

The Kipper BUSL-49 OB kit is designed for On-Board duty in support of the BUSL-49 while out at sea on critical missions. This kit is highly specialized for this particular boat in case of an emergency at sea.

- Designed for 49Ft. Boat Utility Stern Loading
- Includes Sockets, Crowsfeet, Screwdrivers, and other tools

P/N: KIT BUSL-49 OB  
NSN 5180-01-591-9896

## STANDARD 49 FT. BUSL TOOL KIT

The Kipper BUSL-49 STD kit is designed to maintain and repair the USCG BUSL-49 boat. The BUSL-49 (Buoy Utility Stern Loading) is part of the Aids to Navigation Teams of vessels (ANT), and it handles the duty of maintaining navigation buoys along with the other ANT vessels.

- Designed for 49Ft. Boat Utility Stern Loading
- Includes Sockets, Crowsfeet, Screwdrivers, and other tools
- Foam Drawers for Rapid Inventory and FOD Prevention

P/N: KIT BUSL-49 STD  
NSN: 5180-01-591-9897

## ON BOARD 41 FT. UTB TOOL KIT

The Kipper UTB41 tool kit is designed for emergency repairs while at sea. This kit is engineered for the sole purpose of repairs while the boat is on missions at sea. The USCG Utility Boat, or UTB, is a standard utility boat used by the United States Coast Guard for a variety of inshore missions. The 41' (12 m) UTB is designed to operate under moderate weather and sea conditions where its speed and maneuverability make it an ideal platform.

- Designed for 41Ft. Utility Boat
- Includes Sockets, Crowsfeet, Screwdrivers, and other tools

P/N: KIT UTB41 OB  
NSN 5180-01-591-9894

## STANDARD 41 FT. UTB TOOL KIT

The Kipper UTB41 STD tool kit is designed for repairs and maintenance of the USCG's 41' Utility Boat (UTB). This kit is engineered and designed to maintain and repair the UTB's everyday maintenance needs along with unforeseen repairs. The USCG Utility Boat, or UTB, is a standard utility boat used by the United States Coast Guard for a variety of inshore missions. The 41' (12 m) UTB is designed to operate under moderate weather and sea conditions where its speed and maneuverability make it an ideal platform.

- Designed for 41Ft. Utility Boat
- Includes Sockets, Crowsfeet, Screwdrivers, and other tools
- Foam Drawers for Rapid Inventory and FOD Prevention

P/N: KIT UTB41 STD  
NSN 5180-01-591-9893

## TORQUE WRENCH TOOL KIT

The Kipper Torque Wrench kit was designed to handle a wide array of Torque Specific needs for the USCG. The kit consists of state of the art electronic torque wrenches with 1/4", 3/8" and 1/2" drive sizes along with a torque screwdriver.

- Rapid Inventory Foam for FOD Prevention

**P/N:KIT T-WRENCH**  
**NSN 5180-01-591-9835**

## TORQUE TESTERS TOOL KIT

The Kipper Torque Testers set is in direct support of the USCG Torque Wrench kit. The Torque Tester kit enables the mechanics for the USCG to calibrate their own wrenches from the Torque Wrench kit on site. This is highly efficient in saving time and saving money from having to send the wrenches out for re-calibration.

- Router Cut Foam for Easy Inventory

**P/N: KIT TORQUE TESTERS**  
**NSN 5180-01-591-9836**

## 3/4 IN. TORQUE WRENCH TOOL KIT

The Kipper 3/4" Torque Wrench tool kit is designed for the general repairs and maintenance of the United States Coast Guard's boats and systems. The 3/4" Torque Wrench features accuracy (Ratchet Models) 2%CW, 3% CCW. Each button has ONLY one function (power on, select unit of measure, increase fastener torque setting, decrease fastener torque setting). Includes storage case.

- 3/4" Torque Wrench

**P/N: KIT 34 T-WRENCH**
